

BBCC'S OFFERINGS AT A GLANCE

Introduction to Courses

Semester

Each semester you should take at least 17 credits worth of classes. One credit equals one hour of class instructions, plus tutorials, homework etc. (at least 2 hours), for 17 weeks. For example, a two-credit class has approximately 34 hours of classroom instructions plus homework.

Final Examinations are held at the end of each Semester, in all covered subject areas. Examinations represent forty percent (40%) of your final grade.

Qualifications

Students are able to study for the following qualifications:

Bachelor of Arts, Bible

Associate Degree, Bible

The Bachelor of Arts in Bible and **the Associate of Arts, Bible** programmes provide training for ministry leadership. Through biblical, theological, and general education studies, students are equipped for a wide variety of church, missions-related, and community-based leadership positions. There are a number of courses that students can take to meet the requirements for graduation. (See curriculum below.)

The Bachelor of Arts, Bible is a four-year Bachelor's programme. Students who have completed an Associate of Arts degree at another College can complete the degree in two years. Acceptance is conditional upon submission of official College transcripts that show evidence of their earned degree, and a copy of that College's prospectus.

The Associate degree in Bible programme exists to utilize an interdisciplinary approach whereby students may design a course of study that coincides with their academic interests and ministry preparation. The Associate of Arts degree is a two-year programme intended for students who do not wish to pursue the Bachelor's degree. This consists of 65 semester credits (required for graduation) earned at BBCC. Students must take all the required courses and pass them with a grade of C or better.

Student Learning Outcomes

1. Demonstrate biblical and theological knowledge, reasoning and reflection in analyzing historical, social and ecclesiastical issues;
2. Practice functional ministry skills;
3. Adhere to biblical ethics and values;
4. Exhibit leadership skills for use in life and ministry.
